

# CASHEW & PISTACHIO

NUT BUTTER *with flower sprinkles*

---

ingredients: cashews, pistachios, salt,  
coconut oil, sundried edible flowers

organic | sugar-free | no preservatives

# AN INTRODUCTION

Smother and creamier than our other nut butters, it's less sweet, a little more savory, and perfectly comforting in a way that feels both indulgent and wholesome. Packed with nourishing fats, plant protein, and antioxidants from pistachios, this is a little jar of comfort crafted to taste as dreamy as it looks.

---

*Creamy cashew, pistachio green,  
A dreamy spread so soft, serene.  
Pistachio whispers, cashew hums,  
A nutty duet, a taste that drums.*

*Spread it heavy on morning toast,  
Or sneak a spoon—it's what we love most.  
Rich and buttery, soft delight,  
A floral hint to make it right.*

*From snack-time joys to midnight cheer,  
Every dollop brings flavors near.  
Nutty magic, smooth and sweet,  
Pistachio-cashew can't be beat!*
